2ND INTERNATIONAL PATIENT SUMMIT 2025

7th-8th March

<https://www.pairacademy.org/patientsummit.php>

New Delhi

WELCOME

to the 2nd International Patient Summit 2025! Your support is crucial in addressing one of the most pressing health challenges of our time, and we are excited to share how your involvement can make a significant impact.

Building upon the rich discussions and insightful conclusions from the previous edition, this regional summit will bring together expertise and experience in how to build community-driven resilience to climate-induced and impacted health issues, fostering patient dialogue and actionable strategies.

Throughout the summit, we will explore exciting topics such as the role of digital health in the post-pandemic world, multi-stakeholder efforts during climate-induced crises, and access to advanced therapies in managing and treating chronic diseases.

Our Objectives

To bring together key stakeholders to discuss the impact of climate change on health throughout the Asia-Pacific region.

To share best practices from the region and build capacities through learning opportunities

To build capacity of multi-level stakeholders and help them into taking actions.

OUR VISION

Through the summit, we hope to work together to turn the tide on the growing burden of illnesses and the impact of climate change on people with health issues.

This summit is a unique opportunity for experts, researchers, policymakers, civil society, healthcare institutions, industry, and practitioners from around the world to share knowledge, engage with peers, and brainstorm practical and effective solutions that resonate with and engage the community as a whole.
